Food Truck

FOOD TRUCK

A partnership between Glencoe-Silver Lake High School, Lester Prairie High School, Ridgewater College and several local food service businesses received \$50,000 in LYFT Pathways funding to initiate a self-sustaining food truck businesses. Through this applied learning experience students will learn culinary and business processes to successfully run a food truck business. Students will gain a food handler certification and/or ServSafe certification in addition to acquiring articulated college credits, workplace skills and real-life experience. Each food truck class of students would get to develop their business plan and food product plan from scratch to run for the length of the course.
